 - a. At the end of the first semester, the school must determine that the student has a passing grade in classes carrying at least 2.5 Units (per semester).
 - b. The second semester grade will be the grade given for the entire course and shall include the end-of-course test grade.

1.52 - Students gain or lose eligibility on the first day of the subsequent semester. The first day of the Fall semester shall be interpreted as the first date of practice for the first sport. Exception: Students who successfully complete summer school to maintain eligibility become eligible the last day of summer school.

1. Summer school is an extension of the previous semester and courses may be:
 - a. remedial in nature where a previously taken course is repeated in its entirety with a new grade being given.
 - b. enrichment in nature where a new course is taken that results in new credit being earned.
2. A maximum of two (2) unit credits earned in summer school may be counted for eligibility purposes. NOTE: Additional credits may be earned in credit recovery programs or make-up programs after the start of the new semester.
3. Summer school credits earned in non-accredited home study programs or non-accredited private schools may not be used to gain eligibility. Accreditation recognized under the rule shall be from the Georgia Accrediting Commission (GAC) or a regional accreditation agency (such as SAIS - SACS).
4. An independent study course taken in summer school must be regionally accredited and accepted by the school for graduation credit.
 - a. Courses completed after the beginning of a new semester may not be used to gain eligibility for that semester. Example: night school classes, correspondence courses, etc.
 - b. Independent study courses taken during the school year must meet the criteria of:

 - ii. Students who successfully complete independent study courses to maintain eligibility become eligible upon the successful completion of the independent study course.

1.53 - Students must accumulate units towards graduation according to the following criteria:

4. Fourth-year students must have accumulated seventeen (17) units in the first three years, AND passed courses carrying at least 2.5 units in the previous semester.
5. Students may accumulate the required units for participation during the school year and eligibility will be reinstated at the beginning of the next semester.

1.54 - A Dual Enrollment Program is defined as a program in which a full-time student at a GAPPS member school takes one or more courses from a state public or private postsecondary institution and receives credit at the high school (toward graduation) and at the postsecondary institution.

1.55 - Students involved in approved Dual Enrollment Programs shall be eligible to participate in GAPPS activities provided that academic eligibility is maintained.

1. Courses taken each semester at the member school and/or postsecondary institution must total at least 2.5 units.
2. Courses passed the previous semester at the member school and/or postsecondary institution must total at least 2.5 units
3. Students will gain or lose eligibility on the first day of each semester at the member school and a college calendar that differs from the member school calendar may cause problems.

 - a. Ignorance of the rule(s) on the part of any individual is not sufficient cause to set aside the rule(s).
 - b. Schools must supply all the materials requested on the Online Appeal Application Form.

1.57 - Regaining Academic Eligibility:

1. Make-up programs occur when a course has not been completed and an "Incomplete" grade has been given. The student is given the opportunity to work on areas of deficiency.
2. The student is ineligible until such time as the work is completed and the required passing grade has been recorded.

1.60 - REGULATION OF ALTERNATIVELY EDUCATED STUDENTS (AES):

1.61 - AES are those students who gain interscholastic eligibility to participate with a GAPPS member school without consideration of full-time enrollment (See By-law 1.22) with the desired school of participation. Consideration for AES eligibility is based on the following criteria;

1. **Home Study Student:** Students who are required to submit a Declaration of Intent (DOI) to the Georgia Dept. of Education (Must upload DOI with application). Any student whose parent/guardian is required by Georgia Law (O.C.G.A. 20-2-690) to maintain the students annual progress report, regardless of resources used to complete curriculum. Home Study Students (Homeschooled) as defined by O.C.G.A. 20-2-690.
2. **Part-Time Student:** Home Study Student as defined above (Bylaw 1.61.1); however, the student is enrolled in no less than three (3) classes at a GAPPS member school. (New June 1, 2026)
3. **Crossover Student:** Students enrolled in a GAPPS member school that does not provide the desired interscholastic activity and request consent to participate with another GAPPS member school. (Must upload the [Crossover Participation Form](#) with application)
4. **Virtual Student:** Student enrolled in a Public or Private Virtual School that does not provide interscholastic activities (Must upload Proof of Enrollment with application). Note: If your student is identified as a "Virtual Student", access the link to assure that the school has been approved prior to applying. [GAPPS Approved Virtual Schools](#)

1.62 - Application Process:

1. Prior to applying, the AES family should determine a GAPPS Member School for desired participation. Approval for said participation should be obtained prior to submitting the application.
2. A Parent or Legal Guardian must complete the student's application via the AES parent portal ([AES Eligibility Parent Portal](#)) to participate. The application must be approved prior to any form of participation.
 - a. Parents or Legal Guardians must submit the student's Birth Certificate and a copy of the GaDOE Declaration of Intent or other compliance supporting documentation for each AES participant.
 - b. When approved, AES participation shall be authorized beginning with the date of approval and expiring on May 31 each year, or until such time that eligibility has been terminated by GAPPS.
 - c. Applications for the current school year accepted June 1 through April 15.

1.63 - Eligibility:

1. Students must declare educational status and/or enrollment no later than September 1st of the current school year.

3. Students who are identified as "Home Study" students by the State of Georgia, and who enroll in a public school (Dexter Moseley Act) for the purpose of interscholastic opportunities, are not eligible to participate with a GAPPS member school.
4. AES participants will be eligible to participate in GAPPS at a grade that is appropriate for his/her age. However, the eligibility will be limited by the actual current grade level (eight semester rule, bylaw 1.42) of this student. Example: If the student is 13 years old but is enrolled in 11th grade; the 13-year-old will be eligible to participate as an 8th grader.

- The following chart will determine the age a participant can be in order to participate in each grade level without appeal. This age is determined as of September 1st of the school year.

AGE TO GRADE COMPARISON CHART					
Grade	Age	Grade	Age	Grade	Age

1.71 - Member schools are permitted the use of AES in all sanctioned interscholastic activities.

- At no time can a full-time-enrolled student be cut from a team to add an enrolled AES.
- In order to use an AES, a member school must first determine that they do not have enough full-time enrolled students to make a complete roster for a sports team. When a school does not have enough enrolled students, they may use AES to fill a roster.
- Returning AES whose name appears/approved on the previous season's official Division 1 roster shall be granted (should all other qualifications be met) continued participation, and shall receive the same interscholastic opportunity as a full-time enrolled student, in the activity of competition only. (Note: MS B-Team, and JV participation do not meet Division 1 participation standards) (Eff. June 1, 2026)

1.72 - Division 1 - With the exception of 11 Man Football, the number of AES appearing on a roster shall be restricted to 25% of a reasonable number of athletes necessary to field the team, unless otherwise noted in the guides. If the team's roster includes AES athletes, the roster maximum shall be the same. Schools which do not use AES athletes are not restricted to the number of athletes appearing on a roster.

- Full-time enrolled students who have entered the 11th grade, and who are otherwise eligible to participate on a varsity sport team, may not be assigned to a Sub-Varsity roster when being replaced by an AES.
- Full-time enrolled students who have not entered the 10th grade, and who are otherwise eligible to participate on a varsity sport team, are not counted towards roster limits. (Modified June 1, 2026)
- Full-time enrolled students who have entered the 7th grade, and who are otherwise eligible to participate on a middle school sport team, may not be assigned to a B-team roster when being replaced by an AES. (Modified June 1, 2026)
- Full-Time enrolled students who have not entered the 7th grade, and who are participating in Middle School sports, are not counted towards roster limits. (Modified June 1, 2026)

1.80 - TRANSFER / MIGRANT STUDENTS / MIGRATORY WAIVER

1.81 - A transfer student who has established eligibility at a GAPPS school in grades 9-12 as full-time enrolled or grades 8-12 as AES enrolled (Eff. 6-1-2026) shall be immediately eligible at the new school if:

1. The student moved simultaneously with the entire parental unit or persons he/she resided with at the former school. This is known as a “bona fide move.”
 - a. It must be apparent that the parent(s) or persons residing with the student and the student have relinquished the residence in the former location and have occupied a residence in the new area.
2. The following factors, although not conclusive, may be evidence of relinquishment of the former residence: Selling the residence and vacating it; OR vacating the residence and listing it for sale at a fair market value; OR vacating the residence and leasing it to another (other than a relative) at fair market value. NOTE: When a family claims multiple residences, the residence for which they apply for a homestead exemption will be declared the primary residence provided the family spends the majority of their time at this residence.
3. The bona fide move is validated when the student’s family maintains the new residence for at least one calendar year. A return to the previous location within that year renders the student a migrant student. All hardship appeal processes are available.
4. Family Move: To be eligible, these criteria must be considered. The new family residence must be:
 - a. nearer to the school to which they are transferring than they were to the school previously attended.
 - b. The new residence must be nearer to the school to which they are transferring than the old residence was.
 - c. The new residence must be farther from the old school than the old residence was.
 - d. Any move that is not bona fide and is made for the purpose of creating eligibility shall be considered illegal and the student shall be ineligible in any Association (Interscholastic) school for a period of one calendar year.
5. The student is involved in a foreign exchange program that is approved and published on the “Advisory List of International Educational Travel and Exchange Programs” published by the Council on Standards for International Educational Travel (CSIET). This list is found on the Association web site. [Website Link](#)
 - a. The student shall not be a graduate of a secondary school in his home country.
 - b. The student must maintain eligibility requirements at the member school.
 - c. Foreign students that live with family and arrive in this country legally are eligible.
6. Foreign students that arrive in this country legally and are not living with family and are not under an approved exchange program must appear before the Appeal Committee to be considered eligible. Once approved, as long as they stay at the same high school for consecutive years, they do not go before the Appeal Committee again.

7. Please submit all foreign and exchange students' information in writing to the GAPPS office along with the student's transcript. This must include the GAPPS International Education Application (*Found under AD/Coach Resources on the GAPPS Website*).
8. If your school is not approved by CSIET and you develop your own Foreign Exchange Program or you have used a different program, you must file any and all paperwork with the GAPPS by May 1st of the preceding school year for acceptance or rejection.
9. Foreign exchange students registered with a CSIET approved program are eligible without appearing before the Appeal Committee if they arrive before September 15.
10. Foreign exchange students registered with a CSIET approved program that arrive after September 15 must appear before the Appeal Committee to be considered eligible. Once approved, as long as they stay at the same high school for consecutive years, they do not go before the Appeal Committee again.

1.82 - If one of his/her parents or the custodial parent is a teacher or administrator teaching at the receiving school. This opportunity is available one time only at any given school. (NOTE: Rules about joint custody transfers overrule the one-time transfer restriction in this section.)

1.83 - The student has one of the following family related circumstances which shall constitute a waiver of the "bona fide move" rule:

1. There is a Superior Court Final Order changing permanent physical custody of the student from one parent to the other parent and the student moves to the residence of the parent receiving custody and attends the member school.
2. There is a Superior Court Final Order awarding permanent joint physical custody to the parents and the student elects to move from the residence of one parent to the residence of the other parent in a new area and attends the new member school. Provided, however, that such an election can be made only once during a 12-month period beginning the date of the transfer, the Final Order must have specifically awarded the parents "joint physical custody" of the student. An award of "joint legal custody" shall not suffice for purposes of this paragraph.
3. There is a death of the custodial parent with whom the student resided and the student moves to live with the other parent in a new area and attends another member school.
4. There is a military transfer of one or both custodial parents that requires a change of residence of the student to a new area and the student attends another member school.

(NOTE: Eligibility forms for transfer eligibility under paragraphs (1), (2) and (3) above must be accompanied by certified copies of applicable Court Orders. Eligibility forms for transfer eligibility under paragraph (4) above must be accompanied by true and correct copies of verifiable deployment orders.)

1.84 - Students who are U.S. citizens and who have been enrolled and attended a high school in a foreign country, upon return to the U.S., shall be eligible to participate at an Association member school and are otherwise eligible under Association age, eight-semester, academic and other eligibility rules.

1.85 - Students entering a school as an “unaccompanied youth” under the conditions of the McKinney-Vento Act must go through the appeal process to become eligible.

1.86 - A “migrant student” is a student who has held eligibility at a GAPPS member school and transfers into another member school, within 12 months, without a bona fide move or without one of the exceptions listed in Section 1.81. The student may practice or compete at the sub-varsity level but may not compete at the varsity level for one calendar year from the date of his entry into the new school.

1.87 - A student ineligible due to rules at the former school, and then transfers to a new school, cannot regain eligibility by the transfer. Ineligible students cannot gain eligibility by being adjudicated to YDC and subsequently returning to their resident school with earned credit.

1.88 - Appeal Applications may be filed online by an administrator at a member school when a student does not meet the standards of eligibility outlined in Section 1.53 (academic issues) and 1.80 (transfer issues).

1. GAPPS Rules & Regulations specify that the hardship issues must be beyond the reasonable control of the persons involved.
2. The process of appealing a decision of the Appeal Committee is outlined in the Association Rules & Regulations.

1.90 – RECRUITING / UNDUE INFLUENCE / FINANCIAL AID / AMATEUR STATUS / AWARDS

1.91 - Unlike public schools, our member schools are not aided by geographically drawn attendance zones to provide a given student enrollment base. Families choose private and parochial schools for a variety of reasons other than geographic location, such as religious affiliation, parental participation, class size, academic programs, faculty and staff. For our member schools to survive, it is essential to solicit families to choose one of our member schools to educate their child / children.

1. Examples of Acceptable Solicitation

Leasing, renting, permitting, or otherwise allowing an outside athletic organization, club team, travel team, AAU team, or non-school athletic entity to use a member school's facilities (including gyms, fields, weight rooms, or practice spaces) shall be considered an extension of the member school.
 - a. Participation by a transferring student-athlete in such an organization, whether the connection to the receiving school's coach(es), administration, or athletic program is direct or indirect, formal or informal, shall constitute evidence of undue influence, regardless of whether the organization is independently owned or operated.
 4. Complaints or reports of violations of this rule will be investigated and handled on a case-by-case basis.
 5. A school will be afforded an opportunity to demonstrate it could not reasonably be expected to be responsible for the actions of a booster who is found to have violated the recruiting/undue influence rules.

1.93 - A student transferring to a member school shall be ruled ineligible for one year because of "undue influence" if it is proven that:

1. The coach of the receiving school coached an out-of-school team or all-star team on which the athlete played prior to the transfer; OR

4. The player who played for a coach at one school (Association member or non-member) and subsequently followed that coach when he/she moved to an Association school or changed schools within the Association membership. (This is not applicable to dependent children of the coach.)

5. The situations cited in this section are considered to be violations even if a bona fide move has occurred, and the hardship appeal procedures are available for the demonstration that undue influence has not occurred.

1.94 - A booster shall be considered to be an extension of the school and must abide by all rules applied to coaches and other school personnel.

1. The following persons or groups may be considered boosters
 - a. members of the school's Booster Club
 - b. students

The duration of the ineligibility will last as long as the illegal benefits are being received. This prohibition shall not apply to awards under Section 1.95 or to other items approved by the Association.
 - a. If tuition is charged, it must be paid by a parent, legal guardian, or other family member with the exception of payments coming from need-based financial aid.
 - b. It is not legal for donated funds to be designated for a specific student that are given by non-family members, businesses, churches or other organizations, except for programs specified by state law.
 - c. Schools may not employ students to work off their tuition costs.
 - d. The Association President will determine whether the financial aid or gift arose out of or in connection with participation in any sport or literary event.
 - e. If a school allows a student who has received such financial aid or gifts to participate in competition, the President shall assess an appropriate penalty.
2. Financial aid in the form of free or reduced tuition or other aid must be need-based aid as determined by a national student aid service or financial aid based on institutional policies for academic performance (classroom record and/or test scores) that is administered by persons not in the athletic department.
3. Member schools who award financial aid shall issue a statement to the President signed by the Head of School giving the following information:
 - a. Number of students enrolled in the school
 - b. Number of students receiving financial aid

- c. Names of students (or a listing of student identification numbers) receiving financial aid who are involved in GAPPS activities
- d. Certification that the percentage of students who participate in activities and who receive financial aid is the same percentage as the number of students receiving financial aid who do not participate in activities (plus or minus 5%)

1.96 - AMATEUR STATUS / AWARDS

1. A student who represents a school in interscholastic athletic competition shall be an amateur in that activity.
 - a. An amateur athlete is one who engages in athletic competition solely for the physical, mental, social, and pleasure benefits derived there from.

There is no official practice period or off-limits period. There are, however, specific rules defined below that govern practice within 10 days of the GAPPS event.

1. Contestants and coaches may be on tournament waters until the start of onsite registration. Contestants and coaches may not enter tournament waters to locate bass or potential fishing waters or sightsee after the start of onsite registration except during tournament hours.

3. No team, contestant or coach may practice with, hire, barter for, or engage services with, for the purposes of locating or catching bass on the tournament waters, any person who has been a bass guide for hire on the tournament waters within the last 12 months unless such person is the parent or documented permanent legal guardian of a contestant on a registered team in the event. Written proof of permanent legal guardianship to the satisfaction of tournament officials may be required.
4. Contestants may only practice with their teammate that is confirmed in the tournament, their coach or an immediate family member (mother, father, brother, sister or grandparent) who also meets the above criteria concerning guides. Nobody else, except a GAPPS pre-approved media representative or official is allowed in the boat.
5. Within 10 days of the tournament and extending through competition, contestants may not solicit and/or receive information about locating or catching fish on tournament waters from anyone except contestants confirmed in the tournament and through publicly available sources (quasi-public websites, blogs and/or social media pages set up for the specific purpose of sharing information with individuals or a small group of individuals are not publicly available sources).

2. Each team must be accompanied on the water by their coach, who will supply a boat but is not permitted to fish.

SAFETY

1. Each contestant and coach is required to wear a fastened U.S. Coast Guard-approved and state approved personal flotation device anytime the combustion engine is in operation from boat check until weigh-in each day of the tournament.
2. All boats must be equipped with an emergency ignition-shutoff device that must be securely attached to the driver's body whenever the combustion engine is in operation.
3. All persons in a tournament boat shall remain seated in a manufacturer-recommended on-plane seating location when the combustion engine is in operation. Sitting on pedestal seats while the combustion engine is in operation is not permitted.
4. Contestants are not permitted to drive the boat when the combustion engine is in operation. Safe boat conduct must be observed at all times by contestants and coaches. At the discretion of the tournament director, tournament days may be shortened, postponed or canceled due to unsafe weather or water conditions.  - b. The horsepower of the outboard engine must not exceed the maximum horsepower capacity specified on this placard or any horsepower limit set by GAPPS.
3. Contestants and coaches agree to submit their boat and/or motor to an inspection by tournament officials. Falsifying information on entry forms or altering the horsepower

4. Fishing platforms must be factory-installed equipment. No portable platforms may be used in tournament competition.
 5. Fuel may be carried only in factory-installed (built-in) fuel tanks or auxiliary fuel tanks that are securely strapped or otherwise fastened to the boat. 1. Fishing is defined as having a lure attached to a line and a rod and reel with the lure in the water. **NO LIVE BAIT IS PERMITTED.** All bass must be caught alive in a conventional sporting manner.
2. Only artificial lures may be used, with the exception of pork trailers and biodegradable soft baits.
3. Only ONE fishing rod per contestant may be used at a time. Trolling as a method of fishing is strictly prohibited. All bass caught while sight-fishing must be hooked inside the mouth and immediately shown to your coach for verification.

PERMITTED FISHING LOCATIONS AND BOUNDARIES

1. Teams may fish anywhere on tournament waters within the boundaries defined by GAPPS and is available to the public and accessible by boat, except areas designated as “off-limits,” “no boats,” “keep out,” “restricted,” “no trespassing” or “no fishing” (or similar language or markings intended to restrict public access) by tournament officials, local, state or federal officials, or within 50 yards of a contestant’s boat that was first anchored.

 - b. By one contestant entering the boat of another team.
 - c. Both contestants enter a rescue boat so designated by the tournament director.

8. Under these three conditions the team's catch may be counted without a penalty (except for late penalties or other penalties pertaining to other tournament rules). Teams that elect to return to the check-in by any other means than cited above will forfeit their day's catch to that point in time of the tournament day.
9. Any team returning to the check-in point will be eligible to restart and resume competition under the supervision of the tournament director or his designated tournament official. It is the sole responsibility of teams to locate the tournament director to request a restart.

CHECKPOINTS AND PENALTIES

1. There will be only one checkpoint for boat check in the morning and one in the afternoon. Failure to go through boat check and checkout in the morning, or failure to check in at the check-in point, will result in disqualification. All fishing must cease upon check-in.
2. Teams that are not at the designated afternoon checkpoint at the appointed time will be penalized 1 pound per minute, deducted from the total weight. Teams more than 15 minutes late will lose credit for that day's weight.
3. Every effort must be made to keep fish alive using a properly aerated live well. Eight (8) ounces will be deducted from the total weight for each dead bass presented for weigh-in.

SCORING

1. Scoring is determined by the final weight of each team's catch during each tournament.
2. Only largemouth, spotted, redeye or smallmouth bass are accepted species. The tournament limit is five (5) bass per team unless the state or lake limit is less than five (5), in which case the state or lake limit prevails.

GENERAL INFORMATION

Unless otherwise documented in this section, Tennis matches shall follow the rules published by the United States Tennis Association (USTA) as adopted and modified by the Georgia Association of Private and Parochial Schools. (Modified June 1, 2026)

1. A GAPPS Coaches Certification is required to coach this sport, Coaches credentials must be displayed at all GAPPS sanctioned events. Information concerning the certification process can be found in section 2.40 of the GAPPS Manual.
2. Tennis is a state championship event in each classification and schools are aligned on a regional basis.

 - a. Failure to meet due dates and maintain accurate rosters may result in a fine.
4. Beginning and ending dates for practice and competition can be found on the GAPPS calendars (<https://gappsports.com/calendar>).
5. GAPPS tennis teams can play in 18 regular season matches.
6. Scoring for the region regular season can vary from best-of-three sets to 8-game pro sets. Coaches should agree on how the scoring will be done before the match.
7. Each team in the region must schedule one regular season match against the other teams within the region. These matches can be used for seeding and qualification for the Team State Tournament.
8. During the regular season, a coach may choose to play an individual in both singles and doubles, but the second match will be considered an exhibition or a forfeit if it is one of the five lines.
9. An individual may participate in both singles and doubles during the regular season matches. In order to be eligible to participate in the region tournament, they will have had to participate in that line (singles or doubles) at least once during the regular season.
10. The State Team Tournament guidelines apply to regular season matches. A complete team for team tennis consists of five (5) lines and seven (7) players – three (3) singles players and two (2) doubles teams. A team can compete with less team members, but a minimum number of four (4) lines and five (5) players is required to be eligible for the State Team Tournament. Read the State Team Tournament section below for more details.
11. Coaches must use integrity in ranking players and cannot stack line-ups. It is not stacking to alternate players of relatively equal ability from match to match. It is not stacking if players alternate from singles to doubles and vice versa from match to match as long as players are ranked in order of ability.
12. All tennis coaches must keep a record of each singles and doubles team record during the season for Region Tournament seeding. Coaches should attempt to position players to play the same line against region opponents as much as possible. A player/team can only count those region matches played at the position in which he/she is entered in the Region Tournament. In order to be seeded, a player/team must have played two region matches at that line position. Read Region Tournament Seeding below for more details.

13. Team Score Reporting: Every team must report their team scores to the GAPPS website within one (1) business day of the event, or be fined \$50.

REGION TOURNAMENT

1. The Region Tournament will be set up on a rotating basis among the schools within each region. The region can choose to use the same tennis facility but rotate the schools who host the tournament. A school is not required to host. The host school will provide a Tournament Director who is responsible for the administration of the region tennis tournament. The school selected to host the region tournament shall be charged with the responsibility of providing necessary facilities for a one-day tournament.
2. All region schools will be required to pay a fee for the rental of the facility.
3. Each school must furnish one (1) new unopened can of tennis balls for each singles player and doubles team. The winner of the match will keep the unused can and carry it to the next match. The loser will keep the open can.
4. There will be separate boys' and girls' competitions to determine individual champions at the Region Tournament. Each school may enter up to three (3) singles players and two (2) doubles teams for both boys and girls. An individual may not participate in both singles and doubles in the Region Tournament.
5. The individual champions are determined by the competition in the Region Tournament. The region will send the top singles and doubles teams in both girls and boys to the State Individual Tournament. The number of players qualifying for the state tournament will be determined by GAPPS at the beginning of the season based on the total number of regions and teams. Individual region awards will be given to the champions and runners-up in singles and doubles for both girls and boys.

REGION TOURNAMENT SEEDING

1. All region coaches can have input on seeding, but the final decisions are the responsibility of the Region Tournament Director and GAPPS.
2. All tennis coaches must keep a record of each singles and doubles team record during the season in an organized manner. This information must be submitted to the Tournament Director at least one (1) week before the region tournament. This information will also be submitted on the website during score reporting.
3. An individual/team may count only those matches that were played against region opponents and only those matches played at the position in which he or she is entering the region tournament. (*i.e. a #1 girls' singles can count only those region matches in which she played as the #1 singles.*)
4. To be seeded, an individual/team must have played two (2) region matches as described above unless the region does not have enough full tennis teams to compete in at least two (2) matches.

REGION TEAM TENNIS

Each region will select the method used to determine the Region Team Champions and Runner-ups prior to the beginning of the tennis season. The following methods are suggested:

1. Teams that have the best records in region tennis matches during the regular season. If there is a tie during the regular season, then the tied teams may use the point system at the region tournament to break the tie.

2. Teams that finish in the top two (2) at the region tournament using a point system (see below).

POINT SYSTEM

1. The following is a guideline for any region that chooses to use the point system to determine the region team champions: (*changes can be made to accommodate each region*)
 - a. First-round winners receive one (1) point.
 - b. First-round byes that win in the second round receive three (3) points.
 - c. Second-round winners receive two (2) points.
 - d. Semifinal-round winners receive three (3) points.
 - e. Final- round winners receive four (4) points.
2. No points will be given for consolation matches for seeding 3rd & 4th place.
3. The team with the highest total points will be declared the Region Team Champions and the second highest will be the Region Team Runner-ups. In the event of a two-way tie, the two (2) teams will play head-to-head 8-game pro sets consisting of three (3) singles and two (2) doubles matches to determine the region team champions. In the event of a three-way tie, the three (3) teams will have a coin toss. The odd man out gets a bye and plays the winner of the other two (2) teams.
4. Region Tournament scoring can vary depending on the number of rounds. The following formats are suggestions:
 - a. Best-of-three sets playing 6-game sets with a USTA 7-point tiebreaker procedure at 6-all.
 - b. Best-of-three sets with the USTA 10-point tiebreaker procedure used in lieu of the third set.
 - c. 8-game pro sets with win by 2 games with a USTA 7-point tiebreaker procedure at 8-all.
 - d. Ad Scoring.
 - e. The formats can change as players advance in the tournament. For example, the first round could be option C, the second round could be option B, and the final two rounds could be option A.
 - f. If there are consolation matches for seeding 3rd and 4th place, then these matches will be 8-game pro sets.

STATE TOURNAMENT FORMAT

State Individual Tournament

1. The State Individual Tournament is for players who qualified from their respective Region Tournaments in singles and doubles for boys and girls. Only the players who qualified through the Region Tournament may participate in the State Tournament. No substitutions or alternates can be used in the State Individual Tournament. Seeding will be based on how the players finished in the Region Tournament.
2. The individual champions are determined by the competition in the state tournament. Individual awards will be given to the champions and runners-up in singles and doubles for both girls and boys.

State Team Tournament

1. Each region will select the method used to determine the Region Team Champions and Runner-ups prior to the beginning of the tennis season. Read Region Tournament guidelines for more details. The number of teams competing in the State Tournament will be determined by GAPPS based on the total number of regions and teams.
2. The format for all rounds of the State Team Tennis Tournament will be three (3) singles and two (2) doubles matches. A team winning three matches (points) of the five possible (points) will be declared the winner. When one school has scored three (3) points, then any other matches will be stopped. Both coaches and the tournament director must confirm that three (3) points have been scored before any matches can be stopped.
3. In order to qualify for the State Team Tennis Tournament, a tennis team must have a minimum of four (4) lines and five (5) players – three singles and one doubles team. A team can compete with four (4) lines and six (6) players – two singles and two doubles teams. A team can only forfeit one line beginning with the lower positions. Exception: If a team began the State Team Tennis Tournament with the required amount, but lost a player due to sickness or injury, then the team can continue forfeiting two lines.
4. Coaches must honestly rank players in the proper order of ability. Singles players and doubles teams must be ranked in order and listed in proper position. No stacking of line-ups is allowed. Coaches are not required to play singles and doubles as they played in the State Individual Tournament. Playing order will be finalized 15 minutes before each match. Both coaches must fill out an Official Line-up Sheet.
5. The singles playing order will be #1 singles (best), #2 singles (next best), #3 singles (next best). The doubles playing order will be #1 doubles (best), and #2 doubles (next best). Coaches can make roster adjustments and insert different players into the playing order between rounds of the tournament as long as they are ranked in order. Line movement can occur if the other team has to forfeit a line. Alternates can be used during different rounds of the tournament as long as they are ranked properly and listed on the roster submitted to the tournament director.
6. The team champions are determined by the competition in the state tournament. Team awards will be given to the champions and runners-up for both girls and boys.

REGION AND STATE TOURNAMENT PLAY RULES:

1. GAPPS will provide a Tournament Director who is responsible for the administration of the State Individual and Team Tennis Tournaments. GAPPS will provide the necessary facilities for the tournament.
2. All coaches are requested to be present at the Tennis Center at a designated time for a coaches' meeting prior to the start of play. The Tournament Director will meet with all players after the coaches' meeting. Following the meetings, players will report to their assigned courts. It is important that all schools be on time for the coaches meeting. Any team or individuals arriving late for the tournament will risk a penalty or default.
3. All coaches will comprise a "games committee" and will assist the director in the overseeing of the tournament.
4. All rounds up to the Championship Round in the State Tournament will be 8-game pro sets with win by 2 games with a USTA 7-point tiebreaker procedure at 8-all. The Championship Round will be best-of-three sets playing 6-game sets with a USTA 7-point tiebreaker procedure at 6-all.
5. A player may play in only singles or doubles for Region and State Individual Tournaments. Substitution is not permitted once a match has officially begun. If an

injury occurs during play that prevents a player from completing the match, that player defaults and the opponent is awarded the victory.

- Each player(s) will have five minutes to answer the call for his/her match. Players are required to be on time or be penalized or eventually forfeit their matches. Region and State Tournament play is not on a set time schedule after matches begin. Play following the initial match is on the next available court. There will be continuous play throughout the day. It is not recommended that a player leave the tennis center area.
- If a player(s) is tardy for the match, then the following penalties will be given:

5 Minutes	Loss of toss plus 1 game
10 Minutes	Loss of toss plus 2 games
15 Minutes	Loss of toss plus 3 games
>15 Minutes	Default

- A 5-minute warm-up period will be given before each match. The Tournament Director will determine if additional time is necessary. Players arriving tardy to the match will forfeit their warm-up period. Players are to take all ice, drinks, towels, etc. on the court, and they are not allowed to leave the court unless they split sets. They will be allowed five (5) minutes off the court between sets.
- Players should ask for assistance in administering tiebreakers. If a tie-breaking procedure is being used, a coach from a non-participating school may be used to help with the tie-breaking procedure if needed. If a coach from another school is not available, then both schools' coaches involved in the match should be used to direct the tie-breaking procedure.
- At the Region Tournament and the State Individual Tournament, both players/teams are required to report the results and the ending time to the Tournament Director at the scoring table within five minutes of the conclusion of the match. At the State Team Tournament, both players/teams are required to report the results and the ending time to their coaches who will record the results on the Official Line-up Sheet and give it to the Tournament Director at the scoring table within five (5) minutes of the conclusion of the team matches. The Tournament Director is to note the ending time of the match on the bracket to give the allotted amount of rest time between matches.
- All players will be allowed a 30-minute rest period between matches. The Tournament Director may allow for additional time up to 45-minutes if needed.
- School coaches can only coach players after each odd-numbered game (90 seconds allowed). Players cannot leave the court during this time. Coaching is also allowed if players split sets (five minutes allowed). Coaching must not delay the match. Parents, fans, or personal non-school tennis coaches are not allowed to coach players at any time.
- All players are expected to officiate the match fairly. Players may ask the Tournament Director to assign a neutral coach to officiate a match if they feel the match is being called unfairly by their opponent.
- Unsportsmanlike Conduct: Profanity, obscene language, or unsportsmanlike conduct (throwing a racket, hitting balls into the net or fence in an unsportsmanlike manner, yelling at oneself or an opponent) will not be tolerated. First offense observed by tournament personnel or coaches will result in loss of game. The second offense will be

disqualification. If a coach observes unsportsmanlike conduct, then he/she should stop the match. The coach must send for both schools' coaches & the tournament director who together will determine the penalty.

Extemporaneous Speaking

1. **Divisions:** Separate contests will be held for the United States division and International Division. Schools may enter one (1) student per division.
 - a. United States Division: Covers U.S. domestic and U.S. foreign policy.
 - b. International Division: Covers the domestic affairs of foreign countries and the foreign affairs of all countries, including the United States.
2. **Topics:** The GAPPS office shall prepare a list of topics for both the Region and State Literary competitions on current national and international policies discussed in periodicals published since September 1 of the current school year.
 - a. GAPPS will release a list of broad topics two weeks prior to Region competition to assist participants in preparation for extemporaneous speaking events. **All** the competition questions will be related to the broad topics, and some broad topics may encompass multiple competition questions.
3. **Explanation:** The extempore speech should not be regarded as a memory test of the material contained in any one magazine article, but rather as an original synthesis by the speaker of the current fact and opinion on the designated topic as presented by numerous sources. The contestants therefore should be held accountable for strict adherence to the precise statement of the topic drawn and discounted severely for shifting to some other element of the topic on which they might prefer to speak. The information presented should be well-chosen, pertinent, and sufficient to support the central thought of the topic. The best extemporaneous speech combines clear thinking, good speaking, and interesting presentation to establish a definite thought with respect to the subject chosen.
 - a. NOTE to Judges: Do not require contestants speaking on a controversial subject to take a personal stand on that issue. Students may do so, or may elect to

present both sides of the controversy as currently set forth in the public press. Judge them on the effectiveness with which they develop the subject according to their own plan.

4. **Drawing:** At Region and State competition, contestants will draw for positions (1-8) to determine the order of performance. Thirty (30) minutes before the contest is to begin, the first speaker shall draw three topics, choose one, and return the other two. The other contestants shall draw in like manner, in the order of speaking, at intervals of seven (7) minutes. The entire list of subjects shall be used for the drawing by each section.
5. **Preparation:** As soon as a topic is chosen, the contestant shall withdraw and prepare a speech without consultation and without reference to previously prepared notes. Students may bring and consult published books, magazines, newspapers and journals or articles there from, provided:
 - a. They are originals or photocopies of the originals.
 - b. That original article or copy is intact and uncut.
 - c. There is no written material on that original or copy.
 - d. Topical indexes without annotation may be present.
6. **Prohibited Materials:** Extemporaneous speeches, handbooks, briefs, and outlines shall be barred from the extemporaneous preparation room. Underlining or highlighting in extemporaneous speaking will be allowed if done in only one color on each article or copy. No electrical retrieval device (i.e. laptops or electronic devices) may be used. Printed copies of information from "online" computer services may be used.
 - a. Electronically retrieved evidence used in any contest must conform to the citation standard of the Modern Language Association (MLA). The contest manager should monitor the students during their preparation time to assure that there is no consultation and that only allowable materials are used.
7. **Notes:** Contestants may make notes during the preparation time and may use one (1) 3"x 5" notecard handwritten on the front only. This note card will be provided in the Prep Room and must be turned in to the judge after speech.
8. **Recusal:** Contestants shall not leave the preparation area until dismissed by the Proctor or Contest Manager. Consultation with any person other than the Contest Manager between the time of drawing and time of speaking is prohibited.
9. **Profanity:** No profanity is allowed when using a quote or any other time..
10. **Time Limit:** There is no minimum qualifying time for an extemporaneous speech. Do not penalize a contestant for brevity unless the student fails to adequately cover the subject chosen. Maximum time is seven (7) minutes. Time cards will be used to inform contestants of time remaining and stop time. There is no penalty for slight overtime (up to 30 seconds) to finish a sentence.
11. **Podium:** NO podium will be used or provided
12. **Audiences:** Audiences are permitted based on space available at the site. Once the performances have begun, audience members are not allowed to enter or exit the performance room during the performances. The contest manager or monitor shall have complete control over entry/exits during performances.
13. **Judges:** There shall be two (2) speech judges for this event. Judges shall sit apart during the presentations. They shall score and give written comments without conferring

with one another or any other person. Judges shall hold all evaluation sheets until after all the contestants have presented.

Impromptu Speaking

1. **Entry:** Schools may enter one (1) student regardless of gender.
2. **Explanation:** Impromptu is a public speaking event where students have seven minutes to select a topic, brainstorm their ideas, outline the speech, and finally, deliver the speech. The speech may be given with the use of one (1) side of a 3X5 notecard given to the student during prep .The speech can be light-hearted or serious and uses an introduction, body, and conclusion. The speech can be based upon prompts that range from proverbs, abstract words/concepts, events, quotations, famous people, Bible, History, Pop Culture, etc.
3. **Topics:** The GAPPS office shall prepare a list of general topics for both the Region and State Literary competitions. Each student will have the same. GAPPS will release a list of exact topics to be used two weeks prior to Region competition.
4. **Drawing:** At Region and State competition, contestants will draw for positions (1-8) to determine the order of performance. The student will be in the same room as the judges during their draw. The student will pull three (3) topics from the envelope handed out by a monitor. The student will then determine their topic.
5. **Timing:** The student has a total of seven (7) minutes for drawing and preparing their speech. At the end of seven (7) minutes the monitor will require the student to start their speech.
6. **Recusal:** Contestants shall not leave the preparation area until dismissed by the Proctor or Contest Manager. Consultation with any person other than the Contest Manager between the time of drawing and time of speaking is prohibited.
7. **Profanity:** No profanity is allowed.

Maximum time is seven (7) minutes. Time cards will be used to inform contestants of time remaining and stop time. There is no penalty for slight overtime (up to 30 seconds) to finish a sentence.
9. **Podium:** NO podium will be used or provided.
10. **Audiences:** Audiences are permitted based on space available at the site. Once the performances have begun, audience members are not allowed to enter or exit the performance room during the performances. The contest manager or monitor shall have complete control over entry/exits during performances.
11. **Judges:** There shall be two (2) speech judges for this event. Judges shall sit apart during the presentations. They shall score and give written comments without conferring with one another or any other person. Judges shall hold all evaluation sheets until after all the contestants have presented.

One-Act Play

High School (Grades 9-12)

Considerations for One-Act Plays

1. 9th-12th grade students are allowed to compete.
2. Schools will be divided by 9th-12th enrollment numbers for Class-A & Class-AA.
3. A schedule for unloading will be provided by GAPPS prior to the State competition.
4. Schools will have fifteen (15) minutes from the time the previous school clears the wings until they announce START TIME. After a school completes clearing the wings, a GAPPS representative will notify the director of the official start time for the next play. If a school is not ready to start at the designated time, the time delay will count against their competition time.
5. Spiking the stage (adding tape or another form of marking) is prohibited. A school may utilize their fifteen (15) minutes prior to their start time to mentally strike including the use of set pieces on stage. Please be aware that all pieces must be off stage prior to your official start time to avoid the time delay penalty. In the event that a school is not ready to begin on time, GAPPS will announce START TIME.
6. Microphone use by speakers or singers on stage is prohibited.
7. Oral critiques will be given at Region for the top two schools moving on to State. No oral critiques will be made at the State competitions.
8. Videotaping is permitted only with advanced knowledge and approval of the Event Coordinator or Director. Should permission be granted to videotape, it may only be done with one's own contestant(s) or school. Videotaping of another school's performance is strictly prohibited.

GAPPS Standards:

A league official or their appointee can disqualify a play for a violation. Recognizing that all we do should honor God, special care should be taken in all selections for content, language, characters, costumes, and gestures. Penalties may be incurred for violations at the discretion of the judges and GAPPS officials.

Specific areas of concern:

- a. No graphic or lewd gestures towards other actors and/or the audience.
- b. No profanity should be used at all during ANY performance.
- c. No vulgar humor ever, and please watch/minimize "low humor"
- d. Please be especially vigilant for dialogue that takes the Lord's name in vain by using it in a flippant or exclamatory manner (ex. "Oh my God!", "OMG!"). If such wording exists in the script you are using, please replace it with a more appropriate substitute. Directors, if you have scenes involving non-scripted/improvised reactions from performers, please work with them in your practices to make sure they are not using this type of language in their reactions. Any instances in a performance will, at minimum, result in a warning at the Region level and a penalty at the State level.

10. **Reproductions:** **(ES and MS)** This can be any medium (just like Expressing Faith) (18" x 24" max size). This category allows students and teachers to showcase talent that is not original to the artist, but is excellent work and worthy of recognition. 6. Mat and faux mats are acceptable. No frames are allowed.
7. Projects may be started on June 1 or later of the upcoming school year and must be certified as original works by the school Art Teacher.

8. Artwork may include quotes, words, or phrases. However, be cautious that they are not the focus of the piece.
9. Multiple students may collaborate on a piece. Only one ribbon will be awarded to the piece. And the collaboration counts as each student's entry in that category.

11. Submitted artwork must be original work created by the student. By participating in the GAPPS Visual Arts Competition, students and teachers agree to the GAPPS terms. Even if you have permission to use a work or if the work is in the public domain, the work that you submit to GAPPS must represent a new, original work.
 - a. If a submitted work is found to have been copied from another artist or is plagiarized, the work will be disqualified from the GAPPS competition.

How Do I Know If My Work Is Original?

Below are some guidelines from the Scholastic Art and Writing Awards website.
(<https://www.artandwriting.org/awards/how-to-enter/copyright-plagiarism/>)

An original work is one that is new and different from what others have created. This means that you are the author of the work, and the work is not copied from someone else's original work. Even if there is no exact or literal copying, but the average person may notice substantial similarities between the submitted work and the source material, it is possible that the work is not considered original and should not be submitted to the competition.

We understand that artists and writers sometimes create work that references other artists, writers, and popular culture in original and meaningful ways. If your work transforms some sort of source material, then it may be considered original.

We define transformative work as a new work that adds value, substantially changes, comments on, or gives a new expression or meaning to the source. If the submission uses another artist or writer's work as raw material and transforms the original work by bringing new insights and understandings to the piece, it may be submitted to the competition.

Here are some examples of work that should not be submitted:

1. A pencil drawing that directly copies a portrait that was taken by another artist is NOT transformative.
2. Changing the medium or visual style of another artist's work is NOT considered transformative. For example, a painting or drawing of a photograph taken from the internet or a magazine is not considered original and should not be submitted.
3. Creating a painting or digital artwork based on a photo that was taken by someone else does NOT make the work transformative.

4. Cropping or resizing an image that a friend created or that you found on the internet does NOT make the work transformative.
5. Fan art (such as a painting or drawing of an actor, musician, or preexisting character) or fan fiction is NOT considered original work and should not be submitted. **Exceptions to this rule are only allowable when the likeness of the actor, musician, preexisting character, etc. are not the focus of the piece. For example, utilizing a recognizable likeness in printmaking is allowed because the focus of the piece is the quality of the printmaking and not the subject matter. Again, if there is any question about the originality of a piece, err on the side of caution and do not submit the piece for judging.**

These examples are simply for guidance and they are not meant to represent all instances of non-transformative work.

If you have any doubt about whether any part of a submission is original, we advise that you choose not to submit that work.

COPYRIGHT & PLAGIARISM PROTOCOL

TIPS FOR PREVENTING COPYRIGHT & PLAGIARISM VIOLATIONS

Educators and students are responsible for educating themselves on copyright and plagiarism issues. This page is only a guide. There is no formula for creating an original work.

For both visual and written submissions, always cite all sources, whether the source is protected by copyright or not.

No percentage of a source can be safely assumed to render a work original.

Educators: if a classroom assignment involves any copying of another artist's work, even if it's just for the purpose of practicing and learning, please direct students not to submit these works.

The Alliance for Young Artists & Writers uses the following definitions for Copyright and Plagiarism:

Copyright is a form of legal protection prohibiting others from copying one's creative work without permission. A copyright is a property right. Copyright law grants the creator of an original work the exclusive rights for its use and distribution.

Plagiarism is an ethical violation resulting from failure to cite sources and engaging in the act of passing someone else's work or ideas off as one's own. This applies even if you have only copied a part, rather than the whole, of another's work.

12. The examiner will provide a definition and the word used in a sentence if a contestant asks for either one.
13. There will be two judges for this contest. The judge will hold all exams until they are all scored.
14. The number of correctly spelled words will determine first and second places. Medals will be awarded to first and second place spellers.

Pronouncer’s Role

The pronouncer strives to pronounce words according to the diacritical markings given to them by GAPPS and taken from the online version of the Merriam-Webster Dictionary.

1. **Homonyms:** If a word has one or more homonyms, the pronouncer indicates which word is to be spelled by defining the word.
2. **Pronouncer’s sense of helpfulness:** The pronouncer may offer word information — without the speller having requested the information — if the pronouncer senses that the information is helpful and the information appears on the information provided by GAPPS or in the Webster’s Online Dictionary.
3. **Alternate Spellings:** The Official Dictionary and Source of Words Merriam-Webster Unabridged is the final authority and sole source for the spelling of words. If more than one spelling is listed for a word, any of these spellings will be accepted as correct if the following three criteria are met: (1) the pronunciations are identical, (2) the definitions are identical, and (3) the words are identified as being variants of each other. Spellings having temporal labels (such as archaic, obsolete), stylistic labels (such as substandard, nonstandard) or regional labels (such as North, Midland, Irish) that differ from main entry spellings not having these status labels will not be accepted as correct.

2. Divisions:

- b. Before the round begins and before the team enters the play area, each team **MUST** decide which four players (if a team has alternates) will sit at the four table positions by clipping the corresponding number card to their lanyard.

Each player sits in sequential order, lowest to highest, left to right, based on their lanyard. Odds will always be white, evens will always be black. Numbering is for seat position only – not skill level.

7. Once a team has made their player and color decisions and has entered the play area, those decisions are set for the round. Players may not change their positioning once they observe their opponent's positioning.
8. Only players who are designated to play in a round may enter the play area. Alternates, coaches and parents are **not** permitted in the play area.

Event Summary – Region

1. The region tournament will be a round robin amongst the teams represented (approximately five-seven rounds). The goal is to have no more than 8 teams per region per division.
2. If there are fewer than 5 teams in a division, then after the round robin rounds the teams will play a mini-playoff for final seeding.
3. A bye will be issued to a team if there are not enough teams available in a round to pair teams evenly (either by the number of teams registered or a change in a team's availability throughout the day due to an emergency.) In that case, teams issued a bye will receive 5 points. (Note: At the end of the day the bye could be increased to 6 or 7 based on the average score a team achieves. This is not automatic and is based on the judgment of the circumstances involved.)
4. If a school has multiple teams (for example #1 , #2 and #3) the first team to get a bye would be #3, then #2 and then #1. A school's #1 team would receive a bye only if there were no other options to pair in the tournament.
5. Team pairings and table designations for all rounds will be pre-selected at random, based on prior team registration. Modifications to this schedule will only be made if a team is not (or is no longer) available to play (ex. a late arrival or an emergency requires

- the team to withdraw from the event early). In this case, the event administrator will adjust the team pairings schedule to limit the number of byes issued.
6. Each team's score for the round is the sum of the result of all round robin games:
 - a. Each win scores two (2) points
 - b. Each draw scores one (1) pointExample: If a team wins two games, loses one, and draws one, that team would score 5 points for that round. The other team would score 3 points for that round (two losses, one win, and one draw)
 7. At the end of the region rounds, the teams will be ranked from highest to lowest scores. A designated number of teams will move to the state tournament.
 8. Ties are broken by calculating the team's "Strength of Schedule," calculated by totaling the number of points scored multiplied by the final resulting position of each opponent, ranked lowest to highest.

Event Summary – State

1. The top twelve teams (for High School, Middle School, and Elementary School) from Regions will be invited to the State Competition.
2. The teams will be divided into 2 groups and seeded from 1st-6th in each group.
3. Play for the first 5 rounds will be round robin within the team's grouping.
4. At the conclusion of round robin rounds, all players who have won **all** of their played games (winning 5 for 5) will be awarded an "Undefeated" medallion.
5. The top 2 teams from each grouping will move to the playoffs. (Semi-finals and Finals)
6. In the playoff rounds, seat selection will go as follows:
 - a. Teams will identify which players are participating in the playoff round by clipping a number card to their lanyard. In this round, the colors of the cards do not matter. However, ties are broken in this round by game number (not seat). The #1 game is the first tie breaker, followed by game #2, #3 and #4.
 - b. Once both teams have their numbers set, player 1 from the higher seed sits at game board 1 and chooses the color they wish to play. Player 1 from the lower seed sits across from them.
 - c. Next, player 2 from the lower seed sits at board 2 and chooses the color they wish to play. Player 2 from the higher seed sits across from them.
 - d. Next, player 3 from the higher seed sits at game board 3 and chooses the color they wish to play. Player 3 from the lower seed sits across from them.
 - e. Finally, player 4 from the lower seed sits at board 2 and chooses the color they wish to play. Player 4 from the higher seed sits across from them.
7. As colors are selected individually, it is possible that one team may play white more than twice. That is the prerogative of the players.
8. The round will score in the same way they were scored during Part 1 of the tournament. Each win is worth two (2) points, and draws are worth one (1) point.
9. Ties will be broken in the following order:
 - a. The winner at board 1
 - b. The winner at board 2
 - c. The winner at board 3

- d. The winner at board 4
 - e. A single game of blitz chess (5 minutes per side). Each team will select one player to participate in the game. Color will be chosen by lots.
10. The winners of the semi-finals round will then play a final round in the same manner, resulting in first and second place in the event. The losing teams of the semi-final round will play for third and fourth place of the event.

Game Play Rules

1. Each game **must** use a chess clock. Chess timers are set at 20 minutes per player
2. Each game may be notated by either or both players, either in a notebook or USCF-approved electronic notation device. Notating apps on a tablet or phone are **not** permitted.
3. All electronic devices must be turned **OFF** while in the chess play area. Any player using a phone or tablet after being instructed to turn them off by the head referee may be asked to forfeit that match. This decision is at the discretion of the head referee.
4. Play will begin for the round when announced by the head referee.
5. Table Refs/Scorers may not score their own team nor give advice during the actual match. This includes nonverbal prompts as well.
6. There is no talking between team members during the round.
7. Players will follow the “touch” rule.
 - a. A player may only touch the board or a piece on their turn.
 - b. If a player touches a piece and the piece can be moved legally, They must move it.
 - c. A piece that is off-center may be adjusted if the player first asks the opposing player.
 - d. A player may never touch their opponent’s pieces, unless it is to remove one from the board after capturing it.
8. There is to be minimal talking between opposing players during a match.
9. If a player has any question about a move, the state of the board or has any issue with their opponent’s play etiquette, they are to raise their hand and request help from the table referee.
10. If a referee acknowledges a mistake on the game board (such as an undiscovered check), he will use the game notation to reverse moves back to where the mistake occurred. If there is a discrepancy between the two notations, the referee will reverse moves back at their discretion.
11. The referee's decisions are final. If a player is causing a disruption, purposefully tipping boards or attempting to cheat in any way, the referees will instruct that player to leave the play area, and they will forfeit the match.
12. A game is over under **ANY** of the following conditions:
 - a. A player loses by checkmate or resignation, in which that player’s king has no legal move and is in check. In this state, the opponent wins and scores two (2) points and the player earns zero (0) points.
 - b. A game is a draw. In this state, both players score one (1) point.
 - i. One of the player’s board position is repeated three consecutive turns

- ii. One player has only a king, and the other player is unable to get them in checkmate after 50 moves.
 - 1. The head referee may also issue a draw if they determine that players are unable to get a win with the pieces remaining.
 - c. A player's clock expires, meaning that player has run out of time. In this state, the opponent wins and scores two (2) points and the player scores zero (0) points.
 - i. Exception: If a player only has a king and their opponent still has pieces to make checkmate but runs out of time first, this game is scored as a draw.
13. Once a game is completed, the players will raise their hand to call for a referee to record the results. Once the results are recorded, the players must leave the playing area.
14. Once scoresheets have been reviewed and subsequently signed/initiated by the competitor and/or school representative, the score is final. No changes or adjustments will be made.

Special Movement Definitions

1. **King-side castling:** The king may move two spaces toward the king-side rook and the rook can move to the space immediately to the left of the king if all the following are true:
 - a. The king hasn't been moved previously
 - b. The king-side rook hasn't been moved previously
 - c. There are no pieces between the king and rook
 - d. The king doesn't move through or into check when moving two spaces toward the king-side rook.
2. **Queen-side castling:** All rules are identical to king-side castling, with the following differences:
 - a. The king moves two spaces toward the **queen-side** rook.
 - b. The queen-side rook is moved to the space immediately to the **right** of the king.
3. **En Passant:** This is a special pawn capture move, both explained and illustrated below:
 - a. A player performs the two-space move off a pawn's starting space.
 - b. An opponent's pawn is on the fifth rank and on a file adjacent to the pawn that was **just moved** two spaces.
 - c. If both above statements are true, the opponent may capture the pawn as if the pawn had only moved one space.

 - ii. For an extra fee, Based on space and with the permission of the GAPPS Fine Arts and Academics Director, a school may field multiple teams as long as the first team has at least five (5) players. Players cannot switch teams during that day's tournament. Team rosters will be given to the coordinator/host of the day's tournament.
 1. A school may only advance one (1) team to State competition. At that point, any of their students listed on their overall roster are eligible for the State team.
 - b. **A - Smaller Schools or Novice:** These are all schools designated A by HS numbers.
 - i. The A Division will only have a state tournament. .
 - ii. A school may field one (1) team per division (HS/ MS).
 - iii. AA schools may not play in the A Division.

Matches

1. There will be 16 toss-up questions per round, plus a two-part bonus question for each correctly answered toss-up. If bonuses are answered incorrectly, they will be bounced back to the other team for an opportunity to answer.
2. Competitions will be set up as round robins, unless otherwise stated.
3. Each round will generally last 25-30 minutes.

General Rules

1. Each team will supply their own buzzer system at Region and State competition if needed.

2. Buzzer systems can be found at:
www.andersonbuzzersystems.com/productoverview.html
3. All teams will compete at Region. The top two MS and HS teams will advance to State.
4. GAPPs will purchase all Region and State questions from the NAQT and supply Region hosts with the questions and format.
5. Score checks will be made at halftime. Each coach/team captain may request one additional score check per round.
6. Cell phones or other electronic devices are to be turned off by all players, spectators and coaches during competition.
7. Reference books, calculators, etc. are not permitted during competition.
8. Each school will supply their own paper and pens/pencils for competitions.

10. Once scoresheets have been reviewed and subsequently signed/initialed by the competitor and/or school representative, the score is final. No changes or adjustments will be made.
11. Study questions can be found at: www.naqt.com/YouGottaKnow

Toss-up Question Procedures

1. Players from either team may answer the toss-up questions.
2. Players must buzz in within five (5) seconds of the end of the question being read, unless it is a math computation question, in which case, players must buzz in within 15 seconds of the end of the question.
3. Players have three (3) seconds to answer once the Moderator has recognized them.
4. Toss-up questions are only read once.
 - a. If a completed toss-up question is answered incorrectly by the first team, the opposing team may still buzz in within five (5) seconds and attempt to answer.
 - b. If a toss-up question is interrupted and answered incorrectly, the reader will pick up at a logical place and finish the question for the opposing team only.
 - c. No points will be subtracted if the interrupted toss-up question is answered incorrectly.
5. There will be no pauses or breaks allowed while answering a toss-up question.
6. On toss-up questions, players may only engage in non-verbal, non-written conferral with teammates only (no spectators, alternates, coaches) as long as it does not involve conveying the answer.
7. If the Moderator accidentally provides the correct answer on a toss-up question after the incorrect answer is given, that toss-up question will be eliminated and another toss-up question will be given to the opposing team only.
8. A player may give two pieces of information in relation to the “creator-creation” rule.
 - a. Example: *The Great Gatsby* is one answer; *The Great Gatsby by F. Scott Fitzgerald* are two answers and is correct according to the rule.

6. Each bonus part answered incorrectly or not answered by the team earning the bonus will be bounced back immediately to the opposing team. The opposing team captain must answer within three (3) seconds after the Moderator offers the bonus to them. If the captain defers, the answer must be given immediately by the player to whom the captain defers.
7. If the Moderator accidentally provides the correct answer on a bonus question after the incorrect answer is given, that bonus question will be eliminated and another bonus question will be given to the opposing team only.
8. A player may give two pieces of information in relation to the "creator-creation" rule.
 - a. Example: *The Great Gatsby* is one answer; *The Great Gatsby by F. Scott Fitzgerald* are two answers and is correct according to the rule.
9. Each bonus question is worth 10 points per part for a total of 20 points.

Ties within a Round

Purpose and Philosophy

Purpose

The purpose of GAPPS Robotics is to provide students with a challenging, educational, and engaging autonomous robotics competition within a Christian environment that emphasizes engineering, programming, problem solving, teamwork, creativity, strategic thinking, gracious competition, and Christ-like character.

Competition Philosophy

GAPPS Robotics is designed as a staged engineering competition with problem solving, engineering design, strategic sequencing, dimensional gameplay, persistent visible scoring, and educational accessibility.

The competition is intended to reward creative, robust engineering and programming solutions while promoting long-term student learning.

Rule Authority

1. The Annual Game Rules document shall serve as the final authority for all game-specific rules, scoring, gameplay interactions, field setup, and competition procedures for a given Game.
2. In the event of a conflict between these General Rules and the Annual Game Rules, the Annual Game Rules shall govern game-specific interpretation and enforcement.

Robotics Committee and Game Design

1. The GAPPS Robotics Committee shall oversee annual game development, rule

development, field and infrastructure standards, competition procedures, and long-term program sustainability.

2. Game design leadership shall rotate among participating schools.
3. A rotating committee structure is encouraged to distribute workload, preserve institutional knowledge, encourage collaboration, reduce long-term burnout, and improve continuity.
4. Participating schools may submit mission ideas, themes, mechanisms, gameplay concepts, and scoring concepts.
5. The robotics committee shall review and refine submitted ideas.

Annual Game Rules

1. Each Game shall include a separate Annual Game Rules document.
2. The Annual Game Rules document shall define field layout, mission elements, scoring rules, Staging Area placement, Collection Zones, match timing variations, robot interaction rules, possession rules, protected zones, game-specific restrictions, and game-specific scoring.
3. Annual games should emphasize engineering creativity, autonomous problem solving, strategic sequencing, dimensional gameplay, and spectator viewability.
4. Mission elements should be durable, modular, resettable, visually understandable, and reusable.
5. Annual game design should prioritize reusable infrastructure, simplified setup, and reduced volunteer workload.

Platforms

1. GAPPS Robotics supports multiple educational robotics platforms.
2. Approved competition platforms may include LEGO systems, VEX IQ/EXP systems, and additional approved educational robotics systems as determined by the robotics committee.
3. The competition infrastructure and annual game design should support fair participation across approved robotics platforms.
4. Unless otherwise specified by the annual game rules, each Robot shall utilize a single programmable control unit (“Brain”) supported by its platform.
5. Teams may utilize any supported motors, sensors, controllers, or hardware configurations available for their platform.

Official Field System

1. Official GAPPS Robotics competitions should use one of the following (unless otherwise approved by the GAPS Robotics committee):
 - a. VEX IQ competition tiles
 - b. VEX IQ perimeter walls
2. The annual game design committee shall determine the official field dimensions,

- geometry, and layout for each Game.
3. Competition fields should be supported by rigid stable surfaces.
 4. Robots and field systems must operate safely and may not intentionally create unsafe conditions for participants, spectators, or equipment.
 5. Table-height competition fields are encouraged.
 6. Field graphics should remain functional.
 7. Approved graphics may include scoring zones, Staging Areas, alignment markings, labels, directional indicators, and mission outlines.
 8. Graphics should use removable matte materials.
 9. Unless otherwise specified by the annual game rules, objects touching a boundary line are considered within the marked area.

Competition Terminology

For purposes of GAPPS Robotics competition rules, the following terms shall apply:

1. **Game** - A Game is the complete annual competition challenge, including the official field, mission elements, scoring system, annual rules, and gameplay objectives.
2. **Match** - A Match is a single autonomous timed gameplay period. Unless otherwise specified by the annual game rules, standard Matches shall be 90 seconds in duration.
3. **Round** - A Round is a collection of Matches whose field state carries over between Matches. Unless otherwise specified by the annual game rules, a standard Round shall consist of two 90-second Matches.
4. **Scoring Element** - A Scoring Element is any game element designated by the annual game rules to score points through placement, movement, activation, delivery, positioning, or interaction.
5. **Referee** - A Referee is an official responsible for monitoring gameplay, enforcing rules, restoring field conditions when necessary, and determining scoring and rule compliance. Each official competition field shall have an assigned Referee during each Round.
6. **Team** - A Team is a group of students officially participating together in GAPPS Robotics competition. A school may field one or more Teams. Each Team shall compete independently.
7. **Structure** - A Structure is a fixed or movable field assembly, building, obstacle, support, or mission component intended to occupy a defined position or gameplay role as specified by the annual game rules.
8. **Field State** - Field State refers to the overall condition, arrangement, scoring condition, and positioning of Robots, Scoring Elements, and Structures within the competition field during a Match.
9. **Retrieval Token** - A Retrieval Token is a limited-use gameplay resource allowing a Team to retrieve a Robot from the field while it is In Play, as defined by the annual game rules.
10. **Staging Area** - A Staging Area is a designated field area where Teams may interact with their Robot between Matches of a Round. Staging Areas may also serve as possession or storage areas for Scoring Elements as defined by the annual game rules.
11. **Collection Zone** - A Collection Zone is a designated area defined by the annual game rules where Scoring Elements may be collected, transferred, stored, prepared, become

Owned, or scored. Collection Zones may function differently from Staging Areas as defined by the annual game rules.

12. **In Play** - “In Play” refers to the state of a Robot, detached Robot parts, Scoring Elements, or Structures actively participating within the competition field. While “In Play”, Robots and Scoring Elements may not be touched except as permitted by the annual game rules.
13. **Out Of Play** - “Out Of Play” refers to a Robot, detached Robot part, Scoring Element, or Structure that is no longer actively participating within the competition field. Robots and Scoring Elements inside a Staging Area or Collection Zone are considered Out Of Play unless otherwise specified by the annual game rules.
14. **Owned** - “Owned” defines the state of a Scoring Element that is possessed by a Team while fully contained within that Team's Staging Area or Collection Zone. A Scoring Element becomes Owned when all parts of the Scoring Element in contact with the field surface are contained within a Staging Area or Collection Zone as defined by the annual game rules. Owned Scoring Elements are considered Out Of Play unless otherwise specified by the annual game rules.
15. **Controlled** - “Controlled” defines the state of a Scoring Element being manipulated by a Robot. A Scoring Element is considered “Controlled” if the element remains attached to or moves with the Robot when the Robot is lifted vertically from the field surface. Scoring Elements that remain in contact with the field are not considered Controlled. Lifting, carrying, sliding, rolling, dragging, pushing, and pulling Scoring Elements during gameplay are permitted unless otherwise restricted by the annual game rules: however, such actions do not alone constitute “Controlled” status unless the above criteria are met.
16. **Loose** - “Loose” defines the state of a Scoring Element or detached Robot part that is not Controlled by a Robot.

Match Format

1. Official Rounds shall consist of two Matches, 90 seconds per Match unless otherwise specified by the annual game rules.
2. The field state shall persist between Matches within a Round.
3. Referees should avoid restoring field conditions except in cases of damaged field infrastructure, unsafe conditions, or major external interference not caused by normal gameplay or Team interaction

Scoring Elements and Possession

1. Scoring Elements should have clearly defined locations, scoring states, and possession states.
2. Unless otherwise specified by the annual game rules, Owned Scoring Elements may not be manually relocated from one Staging Area or Collection Zone to another.

Objective Visible Scoring

1. Game scoring and mission progress should remain physically represented and visually observable throughout a Round.
2. The final Field State should clearly reflect scoring results at the conclusion of the Round.
3. Preferred scoring methods include activated switches, tipped poles, delivered objects, rotated mechanisms, elevated robots, inserted tubes or pipes, and other visibly persistent scoring conditions.
4. Scoring systems requiring subjective interpretation should be minimized so that independent Referees would reasonably arrive at the same score from the final Field State.

Staging Areas

1. Staging Areas are intended to preserve staged autonomous gameplay while maintaining a fully enclosed competition field.
2. Staging Areas allow teams to restart programs, relaunch robots, change attachments, and continue staged autonomous strategies.
3. A Robot is considered inside a Staging Area when all parts of the Robot in contact with the field surface are contained within the Staging Area boundary.
4. When a Robot has fully entered a Staging Area, team members may handle the robot, restart programs, swap attachments, relaunch the robot, and organize, load, transfer, or prepare Owned Scoring Elements for relaunch unless otherwise restricted by the annual game rules.
5. At the start of a Match, a Robot must begin with all parts of the Robot in contact with the field surface fully contained within a Staging Area unless otherwise specified by the annual game rules.
6. A Robot must relaunch from the same Staging Area through which it most recently entered.
7. Teams may not manually relocate robots between Staging Areas.
8. Owned Scoring Elements must remain within the Staging Area or Collection Zone where they became Owned unless transported by the Robot or otherwise permitted by the annual game rules.

Competition Format and Advancement

1. Teams shall compete on separate official competition fields.
2. Multiple competition fields may operate simultaneously during an event. Standard GAPPS Robotics events currently utilize four simultaneous competition fields.
3. Unless otherwise specified by the annual game rules, each Team shall participate in four qualifying Matches.
4. Qualification Matches shall be assigned across randomized competition fields and randomized scheduling groups.
5. Qualification seeding shall be determined by cumulative Match score.

6. Unless otherwise specified by the annual game rules, the top eight seeded Teams shall advance to semifinal competition.
7. Standard semifinal groupings should be:
 - a. Semifinal 1: Seeds 1, 4, 5, and 8
 - b. Semifinal 2: Seeds 2, 3, 6, and 7
8. The four highest semifinal Round scores shall advance to final competition regardless of semifinal grouping.
9. Final placement shall be determined by final Round score.
10. When multiple official competition fields are available, higher-seeded Teams shall receive priority competition field selection during semifinal and final competition.
11. Unless otherwise specified by the annual game rules, qualification ties shall be resolved using the following order:
 - a. Highest single qualifying Match score
 - b. Second-highest qualifying Match score
 - c. Fewest total Retrieval Tokens used in qualifying Matches, if applicable to the Game
 - d. Random draw or equivalent method approved by the Robotics Committee

Sportsmanship

Teams, coaches, students, volunteers, and spectators are expected to demonstrate good sportsmanship, gracious competition, integrity, and respect for all participants.

Future Development

1. The robotics committee may approve new technologies and competition platforms as the educational robotics landscape evolves.
2. The committee should seek to balance innovation, accessibility, affordability, educational value, and competitive fairness.
3. These rules and bylaws may be revised by the GAPPS Robotics Committee as needed for the long-term health and sustainability of the program.
4. The following topics may require additional committee discussion, clarification, restriction, or expansion in future revisions of the GAPPS Robotics rules framework:
 - a. Artificial intelligence, machine learning, and computer vision systems
 - b. Additional programmable hardware or co-processors
 - c. External software-assisted robot development tools

APPENDIX D

NFHS Code of Ethics

Code of Ethics:

The function of a coach is to educate students through participation in interscholastic competition. An interscholastic program should be designed to enhance academic achievement and should never interfere with opportunities for academic success. Each student should be treated with the utmost respect and his or her welfare should be considered in decisions by the coach at all times. Accordingly, the following guidelines for coaches have been adopted by the NFHS Board of Directors.

- 1) *The Coach* shall be aware that he or she has tremendous influence, for either good or ill, on the education of the student and thus shall never place the value of winning above the value of instilling the highest ideals of character.
- 2) *The Coach* shall uphold the honor and dignity of the profession. In all personal contact with students, officials, athletic directors, school administrators, the state high school athletic association, the media and the public, the coach shall strive to set an example of the highest ethical and moral conduct.
- 3) *The Coach* shall take an active role in the prevention of drug, alcohol and tobacco abuse.
- 4) *The Coach* shall avoid the use of alcohol and tobacco products when in contact with players.
- 5) *The Coach* shall promote the entire interscholastic program of the school and direct his or her program in harmony with the total school program.
- 6) *The Coach* shall master the contest rules and shall teach them to his or her team members. The coach shall not seek an advantage by circumvention of the spirit or letter of the rules.
- 7) *The Coach* shall exert his or her influence to enhance sportsmanship by spectators, both directly and by working closely with cheerleaders, pep club sponsors, booster clubs and administrators.
- 8) *The Coach* shall respect and support contest officials. The coach shall not indulge in conduct which would incite players or spectators against the officials. Public criticism of officials or players is unethical.
- 9) *The Coach* should meet and exchange cordial greetings with the opposing coach to set up the correct tone for the event before and after the contest.
- 10) *The Coach* shall not exert pressure on faculty members to give students special consideration.
- 11) *The Coach* shall not scout opponents by any means other than those adopted by the association and/or state high school athletic association
